

Quad Supplier Diversity Statement

Quad is committed to developing mutually beneficial relationships with diverse suppliers. Our goal is for our supplier base to reflect the diversity of the communities in which we do business.

Through our Global Procurement Department, Quad explores opportunities to obtain diverse suppliers that meet all business considerations. When all business considerations are deemed to be equal among competitive suppliers, Quad endeavors to select suppliers that are small, minority-owned, women-owned, disadvantaged, veteran-owned and/or local business enterprises.
